Voice Mobility Makes Changes to its Board of Directors

VANCOUVER, BC, CANADA – April 27, 2009 – Voice Mobility International, Inc. (TSX: VMY, OTCBB: VMII and FWB: VMY), a Vancouver-based developer and provider of carrier and enterprise messaging solutions, today announced a change to its Board of Directors.

Effective today, David Raffa has stepped down from the Board and will be replaced by Tanner Philp, the CFO and a Partner of Lions Capital, the fund manager of BC Advantage Funds, as the new BC Advantage Funds representative. David has been a valued Board member for 9 years and his past contributions to the Company have been significant. "I enjoyed my tenure on the Board and working with the management team of Voice Mobility. Now that the company is on its way and achieving revenue traction, I feel comfortable passing the baton. Tanner will bring a new skill set and fresh set of eyes for the Board and will be a great addition."

Tanner is responsible for oversight of a number of BC Advantage Fund's telecom and software investments. He specializes in working with companies in these sectors on financing, capital markets programs, mergers and acquisitions, and corporate partnering. In addition, Tanner is a Chartered Accountant and received the Early Achievement Award in 2007 from the BC Institute of Chartered Accountants for outstanding professional and community accomplishment. "I'm looking forward to working with Voice Mobility to help build upon recent customer success and growing revenue base."

The Company would like to thank David for his years of service and wish him continued success with Lions Capital and BC Advantage Funds.

About Voice Mobility, Inc.

Voice Mobility develops and markets its unified communications product line to enterprise, campus and hosted customers. Our product line includes highly scalable Voicemail, Unified Communication, Fax Service, Interactive Voice Response, and Auto-Attendant applications, as well as unique features like Emergency Event Notification, Mobile Client functionality, Presence, Speech applications and Desktop integration with industry leading software providers. Migration options are available allowing the transfer of messages and data from legacy OCTel® messaging servers. For more information, visit www.voicemobility.com.
